

---

## **PSC Objectives**

---

To increase our members' knowledge of photography through programs, workshops, seminars, field trips and other activities.

To associate for the mutual enjoyment of photography and to promote sharing of knowledge and the exchange of ideas.

To promote the advancement of photography as a hobby, science and art.

## Activities

**Monthly program meetings** feature a variety of speakers followed by an all-member Show 'N Tell session.

**Field trips** ranging from a few hours to a few days give us a great way to get to know our fellow members. We visit state and national parks, museums and area events.

**Quarterly and Annual Contests** allow friendly inter-club competition and an opportunity to view our members' current work.

**Workshops** led by professionals in the field of photography offer our members a way to increase their technical skills.

**Exhibits** are a great way to showcase our members' work at various venues throughout the city.

**Mini-Workshops or Tutorials** are led by club members on a variety of specialized topics.

**Critiques** bring members together to discuss each others' images and to exchange the latest information on printing techniques, etc.
